

## **Beckside Barn Holiday Cottage**

### **What we have done to protect us all from the spread of Coronavirus**

In line with government regulations, we display the COVID-NHS QR code to scan on arrival.

If you develop symptoms or become ill on your holiday you should follow the government & NHS guidelines and return home as soon as possible, keeping us informed.

We have always prided ourselves on the cleanliness of the barn, but have had to make some changes to help to tackle and reduce the spread of Covid-19.

#### **In addition to our normal thorough cleaning regime:**

- High touch surfaces, handles, remotes, key-safe etc are disinfected
- Mattress protectors & pillow protectors changed between stays
- Rotate for fresh soft furnishings, duvets, pillow, cushion, throws between bookings

#### **Things we have had to do that may affect your stay:**

- Soft furnishings have been reduced those that remain we rotate between bookings
- First aid kit please only handle them when absolutely necessary
- We have removed some additional items from the barn
- You may find clean items in the dishwasher on your arrival
- Welcome folders wiped down between stays
- Tourist information & books we have left but cannot clean, we suggest you look online for attraction information which will also provide their latest Covid guidance & booking details.

#### **On the day you leave please help us stay safe:**

- Open the bedroom windows
- Strip the beds and put used linen and towels in the bathrooms
- Empty bins and place bin bags into the external dust bins
- Please leave no later than 10am, we need as much time as possible to clean between bookings

Thank you for your understanding & co-operation  
Keep well and enjoy your stay at Beckside Barn

If you need any information or help please don't hesitate in contacting us, or knock on our door at

5 Garden Terrace, (keeping a safe distance)
